VOL. 9 NO. 88 CHARLEROI, WASHINGTON CO., PA. MONDAY, NOVEMBER 23, 1908 One Cent

WELL KNOWN CHARLEROI BOY IS KILLED IN THE MINES

While At Work Saturday Afternoon Crushed By Pit Cars.

MOTHER IS DISTRACTED

Unfortunate Accident a Hard Blow To The Loving Parents.

Lawrence Hanger, the seventeen year old son of Mr. and Mrs. Henry Hanger of Washington avenue, near Seventh street, was instantly killed by being caught and crushed between two strings of cars at the Charleroi Coal Works, Saturday afternoon. The body was much mangled, especially about the chest and abdomen.

The accident happened about four o'clock in the afternoon, when the young fellow was at work. He was the coupling boy and at the time was making a coupling at the end of a line of empty cars in the mine. He had almost secured the fastening bolt when a string of loaded cars came unforeseen by him and before he had the least chance to escape crushed him against the wall. Death was instantaneous, from the terrible injuries about the chest. When he was released he fell to the ground and was picked up by some of the miners. The body was taken to the undertaking rooms of Correll and Crowley on McKean avenue and prepared for interment, after which it was taken home.

Shortly after the sad accident the boy's parents were notified. They were both wild with grief and the mother especially suffered tortures. Saturday night she was in hysterics and since that time has been under the care of two physicians. She has been unable to view the body of her son but very few times, and then had to be under the care of someone. It is feared that she will lose her mind.

Besides the sorrowing parents the boy is survived by a sister, Genevieve. The funeral services will be held Tuesday morning from St. Jeromes church. Afterwards the body will be taken to Scottdale for interment. Lawrence was a very popular lad and known among all the young people of Charleroi. Many of his friends have contributed for flowers.

Masontown, Nov. 23.—Fire, probably of incendiary origin, destroyed the large feed store of Walter S. Blaney about 10 o'clock Saturday night, causing a loss of $4,200 and threatening the business for about an hour. The building seemed to catch on fire in several parts at once and was a mass of flames when the fire department arrived. Seeing that the Blaney store would be a total loss, the firemen worked on the building on each side and finally saved them.

The Gray Distilling company's building was in danger and it was only through the untiring efforts of the firemen and residents that it was prevented from catching fire.

Mr. Blainey, who lives at Ache Junction, knew nothing of the fire until Sunday morning at 9 o'clock.

On his arrival here he stated positively that there was no fire of any kind in the building and that he suspected incendaries.

The loss on the building and contents is placed at about $4,200, with an insurance of $3,275.

ST. JEROMES TO HOLD TEA PARTY ON THANKSGIVING

Among the many novelties will be the orange tree by the L. C. B. A. in charge of Mrs. P. Connelly and Mrs. C. Finkbinder and aids. The fancy booth by the Y. L. S. in charge of Miss Stella Connelly and Miss Lillian Riley and aids. The orange tree and fancy booth will be in the dance hall, and articles can be purchased Thanksgiving afternoon, by anyone not wishing to pay the admission fee in the evening.

Announcement.

To the Voters of Charleroi Borough:

I have decided to become a candidate for the office of Burgess at the next election in February, 1909. I will be a candidate on the Independent ticket, and while I would like to have given this matter more thought and think that this announcement is somewhat premature, certain things are being said that compels me to announce my candidacy at this time.

This is the dope that is being handed out: That if a candidate is satisfactory to the ring (whosoever) they are should get the nomination then I would not be a candidate that if a candidate is nominated not acceptable to the ring, then I would be put up in an endeavor to beat this inacceptable candidate. Now the people that are circulating these stories must be nearer to the so-called ring that I am, or else it is simply an invention of their own brain, as it is all news to me, altogether if the ring, or anybody else, for that matter, wants to vote for me on election day I certainly will not object.

I have resided in Charleroi long enough for you to know me. If you think that I can fill the office with credit to the borough and myself, I would ask your support.

Yours respectfully
George Newton.

WANTS TO KNOW JUST WHAT A DETECTIVE IS SUPPOSED TO DETECT

"Citizen" Thinks One of Charleroi's Officials Is "Getting In Bad" When He Does Certain Unwarrantable Things.

Editor Mail:

The writer was one of a group of citizens of this borough seated in the lobby of one of our prominent hotels last evening when our attention was directed to an article published in the 5th column, front page of your issue Thursday evening, Nov. 19th under the caption—"Has placed Ban on Barber Shops." The said article in substance says that Detective T. S. Province has arrogated to himself the supreme importance of determining what constitutes and what does not consitute an infraction of the criminal law and especially in so far as that wing of the law applies to the borough of Charleroi and to the people who live in or do business in said borough. The article was the subject of a very interesting discussion that was participated in by a number of the gentlemen present. Several very pertinent questions were asked and subsequently debated upon and analyzed, i e, who is Detective T. S. Province and what are the duties which come within the scope of his legal authority in so far as they apply to this borough? One of the citizens pointed out that the authority of a licensed detective is conferred by the court, upon the filing of a certain application accompanied by a petition and a fee, and that the duties of said detective are contemplated and intended by the law are to assist regularly constituted authority in ferreting out crimes and criminals when called upon by said regular authority to render such assistance. A suggestion was made that in various police and constabulary departments of Washington county, there are hundreds of photographs of hunted criminals together with thousands of dollars offered in the shape of rewards for the apprehension of conviction of said fugitives which surely present splendid opportunities for licensed detectives to ply their vocations, display their skill, demonstrate their shrewdness or "sleuthfulness" and the same time keep strictly within the scope of their lawful duty.

It was said that there was plenty of opportunity for special or licensed detectives to detect real criminals who are at large throughout the country without invading the territory of regular authority here by working up prosecutions for trifling violations. Thanking you for your valuable space, these observations are respectfully submitted to the consideration of any of your readers who may feel an interest in the conclusions of the "hotel group" who are very far from coming within the contemplation or purview of a grievance club.

Respectfully
A Citizen.

Rugby Eleven Wins By Forfeit

The Charleroi rugby football team on Saturday afternoon at Belle Vernon won 1 to 0 by forfeit a game from that place. The game was a nice one and it was near the end of the second half that there was the occurrence that resulted in the game being forfeited Furnier for Charleroi secured the ball and a Belle Vernon man stole it. Two touchdowns were made one by Belle Vernon and one by Charleroi. R. Newton for the latter secured the oval on a fumble and made a forty yard run for a touchdown. Clegg made the Belle Vernon score. The lineup:

Charleroi—1.		Belle Vernon—0.
Crill	L. E.	Clegg
Thompson	L. T.	Myers
R. Newton	L. G.	Neil
Lhoet	C.	W. White
W. Newton	R. G.	Cameron
Bentz	R. T.	White
Miller	R. E.	Sherman
Mangan	Q. B.	Moran
Province	L. H.	Bowell
Smock	R. H.	Ring
Dietz	F. B.	Coldren

Subsitutions—Thompson for W. Newton, Furnier for Crill. Touchdown—Clegg. Referee, Cropps. Umpire—Mason. Timekeepers—Heinz, Johnson.

BUFFALO JONES AT SCHOOL HALL

Tonight at the School Hall the second of the course attractions, a lecture will be given. The lecturer Buffalo Jones, is the one scheduled to appear. He is a man of ability.

Rig Completed.

West Middletown, Nov. 23.—The rig on the Dinsmore No 1, owned by the Keesey Oil company has been completed and drilling was started today. This hole will be pushed rapidly as the company believe that the precious fluid will be found there in paying quantities. This well is not far from the Knox No. 1, which is still proving a four barrel producer.

It will be watched with much interest as further development will depend greatly on this well. If a good strike is made here it is likely that other lessers will begin testing on the outskirts of the Keesy lease which includes several thousand acres.

The add of Adolphs on the third page today is a marvel of beauty and should attract much attention. It has some surprising suggestions to offer. Read it. 88t1

CHARLEROI TEAM DEFEATS DONORA

The Charleroi association football team defeated the Donora eleven on the latter's grounds Saturday afternoon, in a good and interesting game by the score of 2 to 0. There was a good attendance and the crowd was enthusiastic. Donora played a strong game but the Charleroi boys, in old time form were too much for them.

NEW RECORD FOR ATTENDANCE IS MADE AT CHRISTIAN SUNDAY SCHOOL

A great Sunday school rally at the First Christian church here yesterday resulted in an attendance that made a new record for Charleroi and increased their points in the contest that is now being held with the Monongahela Christian Sunday school, so that now instead of being behind, they lead by 117. The local people worked hard and deserved all they won. The number present were 572.

The proposition of the Sunday school rally was brought up some time ago and decided upon. From that time forth until the hour of the service yesterday morning the workers were out hustling with the aforesaid surprising results.

The contest with the Monongahela Sunday school was begun on Sunday October 4 and will continue until the 27th of December. Monongahela took the lead fom the first and maintained it until yesterday when the local school completely eclipsed them. At the beginning both schools had an average attendance of about 200 members but now they are near the 300 mark, as a result of the contest. The points as they now are follow, Charleroi, 1107; Monongahela, 990. Monongahela yesterday had an attendance of 339 and made 271 points while the local people made 480 points.

As a direct result of the rally there were seven accessions to the church yesterday.

ONE WOMAN WILL DIE FROM INJURIES RECEIVED IN WRECK

Trolley Car And Automobile Come Together With Terrible Results.

PEOPLE ARE KNOWN HERE

Two of Best Families I. Monessen in Accident Last Evening.

In a collision of an automobile at the West Side railway crossing at East Charleroi last evening one woman was injured so that she will die and eight others slightly hurt. They are of the best families in Monessen.

The Injured.

MRS. J. H. FARQUHAR, compound fracture of the skull, jaw fractured; cannot recover.

MRS. H. N. ODBERT, seriously cut over right eye, other cuts and bruises.

FRANCIS ODBERT, 11 years old, slight fracture of skull, cuts and bruises.

ESTHER FARQUHAR, 11 years old, cut about head and face.

JOSEPH FARQUHAR, 9 years old, face cut.

WILLIAM FARQUHAR, 7 years old, cut and brused about head and shoulders.

IVAN ODBERT, 16 years old, hip bruised; suffering from shock.

H. N. Odbert, owner and driver of the automobile, and J. H. Farquhar were the other occupants. They were but slightly hurt.

The automobile party were returning from a pleasant drive to Belle Vernon in Mr. Odbert's car and were bowling along at a good rate of speed when the accident occurred. Nearing the crossing, the driver not knowing the trolley car was near, started across. The trolley approaching and running swiftly came into view just as the automobile with its occupants were on the track and the motorman unable to stop it, the car crashed into the machine about four feet from the rear. Those in the back seat received the full force of the impact. Mrs. Farquhar was thrown some distance her head striking it is thought on a rock.

The large touring car was wrecked and is now lying in the ditch while the front of the trolley car was smashed. Two State policemen riding along at the time were the first on the scene of the accident and they with the passengers of the car forced the motorman and the conductor to take the injured ones back to Monessen. The state policemen galloped on ahead and summoned physicians, who met the car at the Scott livery stable. From there the injured were taken in improvised ambulances to their homes in McKee avenue.

Upon examination the physicians gave out that Mrs. Farquhar could not recover. All efforts to arouse her failed. At 2 o'clock today she was still living but is expected to die at any moment.

All the people are well known in Charleroi. Mr. Odbert, the owner and driver of the automobile, is a brother of J. A. Odbert of 306 Fallowfield avenue.

It is thought by many that the accident could have been avoided. A suggestion of carelessness on some ones part is made.

Two other minor automobile accidents occurred here today. W. A. McShaffrey's machine ran over a little child, who escaped with bruises. I. N. Kibler lost control of his machine and it ran into a telegraph pole.

UNION SERVICES WILL BE HELD ON THANKSGIVING

Union Thanksgiving services will be held this year by the Protestant churches of Charleroi as usual at the First Presbyterian church on Fifth street. This will be in the morning beginning at 10:30 o'clock. The sermon will be delivered by Rev. G. G. Kerr of the Washington Avenue Presbyterian church. Other ministers will have a part in the services. The choir of the First Presbyterian church will furnish music.

This will be an especially beneficial service and it is thought there will be a large attendance. The announcement was made in the different pulpits yesterday.

CALIFORNIA WINS FROM MONESSEN

The strong California Y. M. C. A. football team defeated the Monessen bunch on the local field Saturday afternoon by a score of 4 to 0, the only points of the game being made by a field goal. The contest was an interesting one and was witnessed by a large crowd, people coming from all along the river. Both Monessen and California were well represented. The game was for $200 a side.

The score was made in the first half, after about fifteen minutes of play. Until that time it was nip and tuck, neither eleven seeming to have the advantage. The ball changed hands frequently. Finally the Californians succeeded in getting the pigskin within twenty five yards of their rivals line and Campbell, the captain and left end went back to kick. On a place kick he sent the oval whirling over the bars and made the first and last score.

From that time forth until the end of the first half there was nothing doing in the matter of scoring. Monessen's line braced up like a stone wall and the Californians could do nothing. The second half was a duplication of the latter part of the first Monessen if anything seemed to have the advantage of their opponents in straight football, but the up river eleven were superior in the use of trick plays. Monessen showed the lack of training. The lineup and summary:

California—4.		Monessen—0.
Campbell	L. E.	Laird
Killius	L. G.	Kent
Homrstein	L. T.	Wheatley
McCollum	C.	Manown
Wilburn	R. G.	Cummins
Jenkins	R. T.	Watkins
McAllister	R. E.	Wilson
White	Q. B.	Feightner
Turnblazer	R. H.	Vaughn
Rankin	F. B.	Smith
Marshall	L H	Underwood

Field goal—Campbell. Referee—Stuart, formerly of University of Pennsylvania. Umpire—Ross of Washington and Jefferson. Head linesman—Croner. Timekeeper—Thompson.

Wood Principal Material

Great as the advance in fire-proof construction has been during the last ten years there has been no let-up in the use of lumber; and both architects and builders find themselves so dependent on wood to-day that they are compelled to admit that the forests of the country are likely to be the chief source building material for many years to come.

"The use of cement, terra cotta, brick and stone, with a framework of steel, will make it possible soon to do away with wood entirely," is a remark often heard, and, indeed, when one stands on lower Broadway and looks up at the towering skyscrapers, the statement seems to contain much truth. As a matter of fact, however, the popular idea that fire-proof materials will do away with the need of ing lumber in a comparatively few ars is a very erroneous one. All the various fire-proof materials ing into the approved construction of the more substantial buildings are used in greater quantities now than the world dreamed of a few years ago, yet the heavy demand for lumber continues.

That wood predominates is shown by the annual building records. Of the permit used for buildings erected last year, approximately 61 per cent. were constructed of wood, and the remaining 39 per cent. of fire resisting material, according to a report issued by the Geological Survey on operations in forty-nine leading cities of the country. These figures are the more significant when it is realized that they only represent the building activities in the largest cities; they do not take into account the construction of dwellings, stores and other buildings in the thousands of small cities and towns scattered over and not included in the forty-nine cities on which the reckoning is made.

In towns and small cities wood is usually the predominating building material and it is safe to say that if the statistics had included figures for all places of whatever size, the percentage of wodden construction would have been much greater. Those figures, as a rule, are only for the corporate limits, and the suburbs of these cities have each very large amounts to be added. The cost, also, is relatively higher in these cities than in towns nearer the base of the supply.

Thanksgiving.

The Union Thanksgiving services this year will be held as usual in Charleroi and it is to be hoped that there are a number in attendance. That we have plenty for which to be thankful there is no doubt. A brief resume of the past years will be ample evidence of this fact.

Thanksgiving is not observed as it was originally intended. It is the invention of the Pilgrims of many centuries past. These plucky people in their desire for religious freedom, came to this country, and established new homes in the heart of an unknown wilderness. Here they grew up until they numbered a large colony. They at that time although not having near the advantages that we have or receiving the blessings that we do now, arranged to at periods gather and return thanks. Now it is more a question of which football game you would rather see, and an off day from work, than the observance of the holiday in the true sense that it was intended in the past, and solemnly observed by the hardy Puritans.

Electric Sparks.

THAT THE POWER OF MONEY

in making more money is the secret of getting rich is generally admitted.

The average so-called "savings deposit" is only $400—yet this $400 represents 6 per cent. interest on nearly $7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that you can do fully as well? Make up your mind to do it—then it's merely a case of application. Your earnings are as large, or larger, than those of the average depositor referred to, only—you haven't been banking your money.

NEW CHURCH DEDICATED

Bentleyville, Nov. 24.—The amount of $2,500, raised at the dedication exercises held yesterday placing the church entirely out of debt, is the record of the new Baptist church of this place. At the opening of the morning services yesterday morning the total debt against the church was 2,500 and $1,800 of this amount was raised at this meeting, while the balance, $700 was raised at the evening services.

The cost of the new church was $4,600. The church is a branch of the Pigeon Creek organization. When the local body was first organized the meetings were held in the school house, and this place continued to serve as a house of worship until yesterday. Last winter plans were made for a new building, and a site was secured on the Richardson plan. Work was commenced on the new building last spring, and the church was completed last week. It is modern in construction and design and contains a baptistry. The building is a frame.

On account of the dedication exercises held yesterday the Presbyterian and Methodist churches dispensed with services. The dedicatory sermon was breached by the Rev. Calvin A. Hare, D. D., of Bucknell university. A large number of people filled the auditorium and Dr. Hare's address was heard with much interest. The music was a feature of the morning service. A platform meeting was held at 3 p. m., at which Dr. Hare again spoke. The Rev. W. M. Courson, pastor of the Allison Avenue Baptist church, of Washington, made the address at the evening service.

A FAMOUS BEAUTY SPECIALIST

Gives Advice To Women Lacking In Energy and Vitality.

Thousands of women are using toilet preparations unsuccessfully.

Cosmetics fail to improve their thick, muddy complexions or to banish the pimples, blackheads and crow's-feet.

No wonder. Their trouble lies far deeper than the skin. They have bad blood, and bad blood in 90 per cent. of the cases arises from inflammation of the mucous membrane. Their blood is filled with poison which is certain to break out in unsightly humors and blotches—while pale, drawn faces, deep circled eyes, stooping shoulders and weak backs complete the story of sufferings and despair.

Inflammation of the mucous membrane is catarrh. Banish catarrh and complexions will clear as if by magic, pain vanish, eyes will brighten, faces become plump and shoulders erect. Perfect beauty goes only with perfect health, and pefect health for women can only be obtained through Rexall Mucu-Tone, the one positive and permanent cure for catarrh

Mme. Swift, 44 W. 26th St., New York City, the most famous beauty specialist in the world and an accepted authority on all relating thereto, has this to say of Mucu-Tone:

"I can strongly endorse the claims made for Rexall Mucu-Tone as a cure for systematic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Mucu-Tone, they will prize it as I do for its strengthening and healing qualities."

Rexall Mucu-Tone works through the blood, and acting directly upon the muco-cells—the congestion and inflammation of which are the sole cause of catarrh—causes them to expel the position and to resume their natural functions. Thus the membranes are cleansed—the blood purified and revitalized.

We know that Rexall Mucu Tone will cure every form of catarrh, no matter where located, of how long standing, or by what other names it is known. We guarantee to refund your money if you are not satisfied with the vigorous health and clear complexion it brings you.

WELL KNOWN CHARLEROI BOY IS KILLED IN THE MINES

While At Work Saturday Afternoon Crushed By Pit Cars.

MOTHER IS DISTRACTED

Unfortunate Accident a Hard Blow To The Loving Parents.

Lawrence Hanger, the seventeen year old son of Mr. and Mrs. Henry Hanger of Washington avenue, near Seventh street, was instantly killed by being caught and crushed between two strings of cars at the Charleroi Coal Works, Saturday afternoon. The body was much mangled, especially about the chest and abdomen.

The accident happened about four o'clock in the afternoon, when the young fellow was at work. He was the coupling boy and at the time was making a coupling at the end of a line of empty cars in the mine. He had almost secured the fastening bolt when a string of loaded cars came unforeseen by him and before he had the least chance to escape crushed him against the wall. Death was instantaneous, from the terrible injuries about the chest. When he was released he fell to the ground and was picked up by some of the miners. The body was taken to the undertaking rooms of Correll and Crowley on McKean avenue and prepared for interment, after which it was taken home.

Shortly after the sad accident the boy's parents were notified. They were both wild with grief and the mother especially suffered tortures. Saturday night she was in hysterics and since that time has been under the care of two physicians. She has been unable to view the body of her son but very few times, and then had to be under the care of someone. It is feared that she will lose her mind.

Besides the sorrowing parents the boy is survived by a sister, Genevieve. The funeral services will be held Tuesday morning from St. Jeromes church. Afterwards the body will be taken to Scottdale for interment. Lawrence was a very popular lad and known among all the young people of Charleroi. Many of his friends have contributed for flowers.

Masontown, Nov. 23.—Fire, probably of incendiary origin, destroyed the large feed store of Walter S. Blaney about 10 o'clock Saturday night, causing a loss of $4,200 and threatening the business for about an hour. The building seemed to catch on fire in several parts at once and was a mass of flames when the fire department arrived. Seeing that the Blaney store would be a total loss, the firemen worked on the building on each side and finally saved them.

The Gray Distilling company's building was in danger and it was only through the untiring efforts of the firemen and residents that it was prevented from catching fire.

Mr. Blainey, who lives at Ache Junction, knew nothing of the fire until Sunday morning at 9 o'clock.

On his arrival here he stated positively that there was no fire of any kind in the building and that he suspected incendaries.

The loss on the building and contents is placed at about $4,200, with an insurance of $3,275.

ST. JEROMES TO HOLD TEA PARTY ON THANKSGIVING

The annual Tea Party of St. [illegible] will be held Thanksgiving night. Supper will be served in the Masonic building, corner of McKean avenue and Fifth street from 5 o'clock until 8. The ladies in charge of the dining room are: Mrs. William Devlin, Mrs. Andrew Keefer, Mrs. Geo. Bailey, Mrs. John Kuth, Mrs. Andrew Bronder, Miss Lena Weber, Mrs. John Mains, and Mrs. R. Coulter, and aids.

Dancing in the Bank of Charleroi Hall from 8 o'clock until 1. Music will be furnished by a good orchestra. The dance will be in charge of Messrs. Geo. Bailey, Andrew Keefer, John W. Carroll, Edward Didat, Robert Claybaugh, Cornelius Minehan, P. Acton and M. T. Crowley.

Among the many novelties will be the orange tree by the L. C. B. A. in charge of Mrs. P. Connelly and Mrs. C. Finkbinder and aids. The fancy booth by the Y. L. S. in charge of Miss Stella Connelly and Miss Lillian Riley and aids. The orange tree and fancy booth will be in the dance hall, and articles can be purchased Thanksgiving afternoon, by anyone not wishing to pay the admission fee in the evening.

Announcement.

To the Voters of Charleroi Borough:

I have decided to become a candidate for the office of Burgess at the next election in February, 1909. I will be a candidate on the Independent ticket, and while I would like to have given this matter more thought and think that this announcement is somewhat premature, certain things are being said that compels me to announce my candidacy at this time.

This is the dope that is being handed out: That if a candidate is satisfactory to the ring (whosoever) they are should get the nomination then I would not be a candidate that if a candidate is nominated not acceptable to the ring, then I would be put up in an endeavor to beat this inacceptable candidate. Now the people that are circulating these stories must be nearer to the so-called ring that I am, or else it is simply an invention of their own brain, as it is all news to me, altogether if the ring, or anybody else, for that matter, wants to vote for me on election day I certainly will not object.

I have resided in Charleroi long enough for you to know me. If you think that I can fill the office with credit to the borough and myself, I would ask your support.

Yours respectfully

George Newton.

WANTS TO KNOW JUST WHAT A DETECTIVE IS SUPPOSED TO DETECT

"Citizen" Thinks One of Charleroi's Officials Is "Getting In Bad" When He Does Certain Unwarrantable Things.

Editor Mail:

The writer was one of a group of citizens of this borough seated in the lobby of one of our prominent hotels last evening when our attention was directed to an article published in the 5th column, front page of your issue [illegible] the caption—"Has placed Ban on Barber Shops." The said article in substance says that Detective T. S. Province has arrogated to himself the supreme importance of determining what constitutes and what does not consitute an infraction of the criminal law and especially in so far as that wing of the law applies to the borough of Charleroi and to the people who live in or do business in said borough. The article was the subject of a very interesting discussion that was participated in by a number of the gentlemen present. Several very pertinent questions were asked and subsequently debated upon and analyzed. I e, who is Detective T. S. Province and what are the duties which come within the scope of his legal authority in so far as they apply to this borough? One of the citizens pointed out that the authority of a licensed detective is conferred by the court, upon the filing of a certain application accompanied by a petition and a fee, and that the duties of said detective are contemplated and intended by the law are to assist regularly constituted authority in ferreting out crimes and criminals when called upon by said regular authority to render such assistance. A suggestion was made that in various police and constabulary departments of Washington county, there are hundreds of photographs of hunted criminals together with thousands of dollars offered in the shape of rewards for the apprehension of conviction of said fugitives which surely present splendid opportunities for licensed detectives to ply their vocations, display their skill, demonstrate their shrewdness or "sleuthfulness" and the same time keep strictly within the scope of their lawful duty.

It was said that there was plenty of opportunity for special or licensed detectives to detect real criminals who are at large throughout the country without invading the territory of regular authority here by working up prosecutions for trifling violations. Thanking you for your valuable space, these observations are respectfully submitted to the consideration of any of your readers who may feel an interest in the conclusions of the "hotel group" who are very far from coming within the contemplation or purview of a grievance club.

Respectfully

A Citizen.

Rugby Eleven Wins By Forfeit

The Charleroi rugby football team on Saturday afternoon at Belle Vernon won 1 to 0 by forfeit a game from that place. The game was a nice one and it was near the end of the second half that there was the occurrence that resulted in the game being forfeited. Furnier for Charleroi secured the ball and a Belle Vernon man stole it. Two touchdowns were made one by Belle Vernon and one by Charleroi. R. Newton for the latter secured the oval on a fumble and made a forty yard run for a touchdown. Clegg made the Belle Vernon score. The lineup:

Charleroi—1.		Belle Vernon—0.
Crill	L. E.	Clegg
Thompson	L. T.	Myers
R. Newton	L. G.	Neil
Lhoet	C.	W. White
W. Newton	R. G.	Cameron
Bentz	R. T.	White
Miller	R. E.	Sherman
Mangan	Q. B.	Moran
Province	L. H.	Bowell
Smock	R. H.	Ring
Dietz	F. B.	Coldren

Substitutions—Thompson for W. Newton, Furnier for Crill. Touchdown—Clegg. Referee, Crepps. Umpire—Mason. Timekeepers—Heinz, Johnson.

BUFFALO JONES AT SCHOOL HALL

Tonight at the School Hall the second of the course attractions, a lecture will be given. The lecturer Buffalo Jones, is the one scheduled to appear. He is a man of ability.

Rig Completed.

West Middletown, Nov. 23.—The rig on the Dinsmore No 1, owned by the Keesey Oil company has been completed and drilling was started today. This hole will be pushed rapidly as the company believe that the precious fluid will be found there in paying quantities. This well is not far from the Knox No. 1, which is still proving a four barrel producer.

It will be watched with much interest as further development will depend greatly on this well. If a good strike is made here it is likely that other lessers will begin testing on the outskirts of the Keesy lease which includes several thousand acres.

The add of Adolphs on the third page today is a marvel of beauty and should attract much attention. It has some surprising suggestions to offer. Read it. 88t1

CHARLEROI TEAM DEFEATS DONORA

The Charleroi association football team defeated the Donora eleven on the latter's grounds Saturday afternoon, in a good and interesting game by the score of 2 to 0. There was a good attendance and the crowd was enthusiastic. Donora played a strong game but the Charleroi boys, in old time form were too much for them.

NEW RECORD FOR ATTENDANCE IS MADE AT CHRISTIAN SUNDAY SCHOOL

A great Sunday school rally at the First Christian church here yesterday resulted in an attendance that made a new record for Charleroi and increased their points in the contest that is now being held with the Monongahela Christian Sunday school, so that now instead of being behind, they lead by 117. The local people worked hard and deserved all they won. The number present were 572.

The proposition of the Sunday school rally was brought up some time ago and decided upon. From that time forth until the hour of the service yesterday morning the workers were out hustling with the aforesaid surprising results.

The contest with the Monongahela Sunday school was begun on Sunday October 4 and will continue until the 27th of December. Monongahela took the lead fom the first and maintained it until yesterday when the local school completely eclipsed them. At the beginning both schools had an average attendance of about 200 members but now they are near the 300 mark as a result of the contest. The points as they now are follow, Charleroi, 1107; Monongahela, 990. Monongahela yesterday had an attendance of 338 and made 271 points while the local people made 480 points.

As a direct result of the rally there were seven accessions to the church yesterday.

ONE WOMAN WILL DIE FROM INJURIES RECEIVED IN WRECK

Trolley Car And Automobile Come Together With Terrible Results.

PEOPLE ARE KNOWN HERE

Two of Best Families I. Monessen in Accident Last Evening.

In a collision of an automobile at the West Side railway crossing at East Charleroi last evening one woman was injured so that she will die and eight others slightly hurt. They are of the best families in Monessen.

The Injured.

MRS. J. H. FARQUHAR, compound fracture of the skull, jaw fractured; cannot recover.

MRS. H. N. ODBERT, seriously cut over right eye, other cuts and bruises.

FRANCIS ODBERT, 11 years old, slight fracture of skull, cuts and bruises.

ESTHER FARQUHAR, 11 years old, cut about head and face.

JOSEPH FARQUHAR, 9 years old, face cut.

WILLIAM FARQUHAR, 7 years old, cut and bruised about head and shoulders.

IVAN ODBERT, 16 years old, hip bruised; suffering from shock.

H. N. Odbert, owner and driver of the automobile, and J. H. Farquhar were the other occupants. They were but slightly hurt.

The automobile party were returning from a pleasant drive to Belle Vernon in Mr. Odbert's car and were bowling along at a good rate of speed when the accident occurred. Nearing the crossing, the driver not knowing the trolley car was near, started across. The trolley approaching and running swiftly came into view just as the automobile with its occupants were on the track and the motorman unable to stop it, the car crashed into the machine about four feet from the rear. Those in the back seat received the full force of the impact. Mrs. Farquhar was thrown some distance her head striking it is thought on a rock.

The large touring car was wrecked and is now lying in the ditch while the front of the trolley car was smashed. Two State policemen riding along at the time were the first on the scene of the accident and they with the passengers of the car forced the motorman and the conductor to take the injured ones back to Monessen. The state policemen galloped on ahead and summoned physicians, who met the car at the Scott livery stable. From there the injured were taken in improvised ambulances to their homes in McKee avenue.

Upon examination the physicians gave out that Mrs. Farquhar could not recover. All efforts to arouse her failed. At 2 o'clock today she was still living but is expected to die at any moment.

All the people are well known in Charleroi. Mr. Odbert, the owner and driver of the automobile, is a brother of J. A. Odbert of 306 Fallowfield avenue.

It is thought by many that the accident could have been avoided. A suggestion of carelessness on some ones part is made.

Two other minor automobile accidents occurred here today. W. A. McShaffrey's machine ran over a little child, who escaped with bruises. I. N. Kibler lost control of his machine and it ran into a telegraph pole.

UNION SERVICES WILL BE HELD ON THANKSGIVING

Union Thanksgiving services will be held this year by the Protestant churches of Charleroi as usual at the First Presbyterian church on Fifth street. This will be in the morning beginning at 10:30 o'clock. The sermon will be delivered by Rev. G. G. Kerr of the Washington Avenue Presbyterian church. Other ministers will have a part in the services. The choir of the First Presbyterian church will furnish music.

This will be an especially beneficial service and it is thought there will be a large attendance. The announcement was made in the different pulpits yesterday.

CALIFORNIA WINS FROM MONESSEN

The strong California Y. M. C. A. football team defeated the Monessen bunch on the local field Saturday afternoon by a score of 4 to 0, the only points of the game being made by a field goal. The contest was an interesting one and was witnessed by a large crowd, people coming from all along the river. Both Monessen and California were well represented. The game was for $200 a side.

The score was made in the first half, after about fifteen minutes of play. Until that time it was nip and tuck, neither eleven seeming to have the advantage. The ball changed hands frequently. Finally the Californians succeeded in getting the pigskin within twenty five yards of their rivals line and Campbell, the captain and left end went back to kick. On a place kick he sent the oval whirling over the bars and made the first and last score.

From that time forth until the end of the first half there was nothing doing in the matter of scoring. Monessen's line braced up like a stone wall and the Californians could do nothing. The second half was a duplication of the latter part of the first. Monessen if anything seemed to have the advantage of their opponents in straight football, but the up river eleven were superior in the use of trick plays. Monessen showed the lack of training. The lineup and summary:

California—4.		Monessen—0.
Campbell	L. E.	Laird
Killius	L. G.	Kent
Homrstein	L. T.	Wheatley
McCollum	C.	Manown
Wilburn	R. G.	Cummins
Jenkins	R. T.	Watkins
McAllister	R. E.	Wilson
White	Q. B.	Feightner
Turnblazer	R. H.	Vaughn
Rankin	F. B.	Smith
Marshall	L. H.	Underwood

Field goal—Campbell. Referee—Stuart, formerly of University of Pennsylvania. Umpire—Ross of Washington and Jefferson. Head linesman—Croner. Timekeeper—Thompson.

Wood Principal Material

Great as the advance in fire-proof construction has been during the last ten years there has been no let-up in the use of lumber; and both architects and builders find themselves so dependent on wood to-day that they are compelled to admit that the forests of the country are likely to be the chief source building material for many years to come.

"The use of cement, terra cotta, brick and stone, with a framework of steel, will make it possible soon to do away with wood entirely," is a remark often heard, and, indeed, when one stands on lower Broadway and looks up at the towering skyscrapers, the statement seems to contain much truth. As a matter of fact, however, the popular idea that fire-proof materials will do away with the need of ing lumber in a comparatively few ars is a very erroneous one. All the various fire-proof materials ing into the approved construction of the more substantial buildings are used in greater quantities now than the world dreamed of a few years ago, yet the heavy demand for lumber continues.

That wood predominates is shown by the annual building records. Of the permit used for buildings erected last year, approximately 61 per cent. were constructed of wood, and the remaining 39 per cent. of fire resisting material, according to a report issued by the Geological Survey on operations in forty-nine leading cities of the country. These figures are the more significant when it is realized that they only represent the building activities in the largest cities; they do not take into account the construction of dwellings, stores and other buildings in the thousands of small cities and towns scattered over and not included in the forty-nine cities on which the reckoning is made.

In towns and small cities wood is usually the predominating building material and it is safe to say that if the statistics had included figures for all places of whatever size, the percentage of wodden construction would have been much greater. These figures, as a rule, are only for the corporate limits, and the suburbs of these cities have each very large amounts to be added. The cost, also, is relatively higher in these cities than in towns nearer the base of the supply.

Thanksgiving.

The Union Thanksgiving services this year will be held as usual in Charleroi and it is to be hoped that there are a number in attendance. That we have plenty for which to be thankful there is no doubt. A brief resume of the past years will be ample evidence of this fact.

Thanksgiving is not observed as it was originally intended. It is the invention of the Pilgrims of many centuries past. These plucky people in their desire for religious freedom, came to this country, and established new homes in the heart of an unknown wilderness. Here they grew up until they numbered a large colony. They at that time although not having near the advantages that we have or receiving the blessings that we do now, arranged to at periods gather and return thanks. Now it is more a question of which football game you would rather see, and an off day from work, than the observance of the holiday in the true sense that it was intended in the past, and solemnly observed by the hardy Puritans.

Electric Sparks.

There are several people of Charleroi that this year will eat turkey on Thanksgiving, consisting of beef steak.

It is hard to see how the affirmations and denials concerning a certain princely-republican match can be carried any further without making it inevitable that the outcome shall show someone to have been fibbing.

The richest man in Switzerland has just died, leaving a fortune of $500,000. This carries the inference that the hotelkeepers of that small but thrifty country are a much-maligned class.

Rockefeller says a man can work long hours if he is careful about what he eats. This presupposes that a man has something to eat.

A medical student at the University of Michigan has been dropped for kissing a pretty nurse. So was the pretty nurse. What are pretty nurses for anyway?

When Mr. Bryan says with regard to 1912 that "if circumstances should force me to battle, battle I will," it does not require an exceptional power of deduction to add thereto that Mr. Bryan will extend a careful supervison over circumstances to see that they do their duty.

Count Zeppelin considers the aeroplane only a toy. There will be as much rivalry as to the comparative merits of airships as there is over the different makes of automobiles.

Those enthusiasts who are forever prating about the American man's chivalrous conduct toward women should remember that we also measure uncovicted ones by the Bertillon system.

The Denver University students who want President Roosevelt to use his influence in football matters between them and the Carlisle Indian School appreciate the change Mr. Roosevelt has made in the Presidency. There is nothing too great or small for President Roosevelt to have a say in.

Minister Wu has taken up Esperanto. But those of us who want to converse with him had just as soon learn the laundry lingo.

Too much mother-in-law is a sad affliction, but often a little more consideration on the part of the son-in-law is a specific for the disorder.

Pennsylvania's cattle have been quarantined by the balance of the country, and it will be our Keystone pleasure to eat 'em all ourselves. We will have no trouble getting away with the "sissages" if the buckwheat holds out.

A New Jersey woman was arrested the other day because she said that she was Eve. They must be rather particular down in New Jersey. So long as the woman did not insist upon dressing like Eve, there seems no reason why she should have been restrained.

"Suppose a lion should eat him on his African hunt?" asks a contemporary. The lion will have a bad case of indigestion.

Maine woodsmen are now cutting Christmas trees for shipment to the cities, and the city dwellers are trying to scrape up cash enough for something to hang on them next month.

AMONG THE THEATERS

At Monessen Theatre.

The Burgess Stock Company opens a week's engagement at the Monessen Opera House Monday next. Other companies under the same management have been there before and always gave satisfaction and this company is no exception and is deserving of crowded houses at each matinee and evening performance for the week. There are unusually capable actors in the company, a program of standard attractions has been prepared and excellent vaudeville is to be seen between the acts. The bill for Monday evening is "Wedded and Parted," and ladies' special tickets will be issued for this performance. Matinee will be given Tuesday, Thursday and Saturday. Seats on sale Saturday morning at Light's Drug store, Donner avenue. Phone 50-R. Prices night, 10, 20, 30 and 50 cents. Matinees except Thursday 10, 20 cents. Thanksgiving day regular night prices.

Notice of Sale.

Notice is herein given that H. E. Pitcher has purchased the business of Sam Abraham and George Naboos confectioners, Fourth street and McKean avenue. Claims against said firm should be presented to H. E. Pitcher for settlement.

Centerville, Nov. 23.—One of the most successful farmers institutes ever held in the eastern part of the county was that of Friday and Saturday in the school hall in this place under the auspices of the Dairy Grange of Centerville, in all, four sessions were held and all were well attended, the interest keeping up to the end. At the final sessions Saturday night the hall was crowded to overflowing.

THAT THE
POWER OF MONEY

in making more money is the secret of getting rich is generally admitted.

The average so-called "savings deposit" is only $100—yet this $100 represents 6 per cent interest on nearly $7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that you can do fully as well? Make up your mind to do it—then it's merely a case of application. Your earnings are as large, or larger, than those of the average depositor referred to, only—you haven't been banking your money.

Come in and let us tell you some other reasons why you should have a bank account.

NEW CHURCH DEDICATED

Bentleyville, Nov. 24.—The amount of $2,500, raised at the dedication exercises held yesterday placing the church entirely out of debt, is the record of the new Baptist church of this place. At the opening of the morning services yesterday morning the total debt against the church was 2,500 and $1,800 of this amount was raised at this meeting, while the balance, $700 was raised at the evening services.

The cost of the new church was $4,600. The church is a branch of the Pigeon Creek organization. When the local body was first organized the meetings were held in the school house, and this place continued to serve as a house of worship until yesterday. Last winter plans were made for a new building, and a site was secured on the Richardson plan. Work was commenced on the new building last spring, and the church was completed last week. It is modern in construction and design and contains a baptistry. The building is a frame.

On account of the dedication exercises held yesterday the Presbyterian and Methodist churches dispensed with services. The dedicatory sermon was breached by the Rev. Calvin A. Hare, D. D., of Bucknell university. A large number of people filled the auditorium and Dr. Hare's address was heard with much interest. The music was a feature of the morning service. A platform meeting was held at 3 p. m., at which Dr. Hare again spoke. The Rev. W. M. Courson, pastor of the Allison Avenue Baptist church, of Washington, made the address at the evening service.

A FAMOUS BEAUTY SPECIALIST

Gives Advice To Women Lacking In Energy and Vitality.

Thousands of women are using toilet preparations unsuccessfully.

Cosmetics fail to improve their thick, muddy complexions or to banish the pimples, blackheads and crow's-feet.

No wonder. Their trouble lies far deeper than the skin. They have bad blood, and bad blood in 90 per cent. of the cases arises from inflammation of the mucous membrane. Their blood is filled with poison which is certain to break out in unsightly humors and blotches—while pale, drawn faces, deep circled eyes, stooping shoulders and weak backs complete the story of sufferings and despair.

Inflammation of the mucous membrane is catarrh. Banish catarrh and complexions will clear as if by magic, pain vanish, eyes will brighten, faces become plump and shoulders erect. Perfect beauty goes only with perfect health, and pefeact health for women can only be obtained through Rexall Mucu-Tone, the one positive and permanent cure for catarrh

Mme. Swift, 44 W. 26th St., New York City, the most famous beauty specialist in the world and an accepted authority on [illegible] has this to say of Mucu-Tone:

"I can strongly endorse the claims made for Rexall Mucu-Tone as a cure for systematic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Mucu-Tone, they will prize it as I do for its strengthening and healing qualities."

Rexall Mucu-Tone works through the blood, and acting directly upon the muco-cells—the congestion and inflammation of which are the sole cause of catarrh—causes them to expel the position and to resume their natural functions. Thus the membranes are cleansed—the blood purified and revitalized.

We know that Rexall Mucu Tone will cure every form of catarrh, no matter where located, of how long [illegible] known. We guarantee to refund your money if you are not satisfied with the vigorous health and clear complexion it brings you.
